

*Dear Participant,*

**AME University, Graduate School invites you to participate in this market survey on our proposed Master of Information Technology (MIS) The purpose of this survey is to determine if the proposed program is feasible and viable and is aligned with the needs of the academic institutions, business-sectors, and other related government offices.**

**There are (two) sets of Survey questionnaire, a survey for the Students and Employer. If you are a student please answer the template provided. On the other hand, there is also a separate template provided for the [Employer] if you are managing an organization or an owner of a corporate, business company or academic institutions.**
